Regards

Theme: “Explore, Observe & Learn!”

Dear Parents,

Learning becomes more meaningful when children explore the world around them. This holiday season, encourage your little ones to step outdoors, observe nature, spend quality time with family, and learn through real-life experiences.

Experiential Learning Activities

(Choose any 3–5 activities.)

- * Go for a nature walk and observe different plants, flowers, or trees.
- * Visit a park, garden, hills, or any nearby natural place with family.
- * Spot and click pictures of birds, butterflies, insects, or animals around you.
- * Collect leaves of different shapes and sizes and paste them in a scrapbook.
- * Watch the sunrise or sunset and share your experience.
- * Visit a fruit or vegetable market and identify colourful fruits and vegetables.
- * Enjoy a “No Gadget Hour” with family by playing indoor or outdoor games together.
- * Observe the weather each day and talk about sunny, cloudy, windy, or rainy days.
- * Listen to sounds in nature — chirping birds, rustling leaves, rainfall, etc.
- * Draw your favourite holiday memory or place you visited.

Presentation of Work:

Parents are requested to help children click 2–3 photographs during these activities and paste them in a scrapbook or holiday folder.

Children may also write 1–2 simple lines about what they enjoyed or discovered during the activity.

Let’s make this holiday a joyful journey of exploration, curiosity, and happy learning!

Wishing you all a fun-filled and refreshing holidays !

Regards
